 - **Tools:** Figma – FigJam – Figma Make, Claude MCP, Stitch, Adobe Suite.
 - **Collaboration:** Jira, Notebook LM, Slack.
-

EXPERIENCE

Convegenius.Ai, Hyderabad (Remote)

UI/UX Designer (User Experience & Data Visualization)

Sep 2024- Present

SwiftChat Platform

- Designed and scaled SwiftChat, a large-scale B2C EdTech platform impacting 1M+ teachers and ~30M+ students across multiple Indian states; delivered responsive, mobile-first interfaces focused on teacher productivity, student engagement, and assessment workflows; reduced education program operational costs by ~₹2.5Cr+ per state.
- Designed and optimized nationwide education products including Holistic Progress Card (HPC), PLC, School-Based Assessment (SBA), OCR Mini App, and Shikshak Sahayak applications, conducting Usability testing and heuristic evaluation that improved assessment completion rates by ~15% and student engagement by ~7%.

School - MIS Platform

- Revamped a legacy education platform into a scalable SaaS-ready product - School Management Information System (S-MIS) and Registry Management System deployed across 7+ Indian states, built a reusable design system and component library ensuring WCAG 2.0 accessibility compliance for ~41,000 principals and ~1,500 government officials per state.

Data Analytics & Dashboard Ecosystem

- Designed and developed 50+ dashboards with 150+ KPIs across 21 States and 2 Union to support policy-making, district monitoring, operational governance, used A/B testing and iterative design reviews with cross-functional stakeholders that increased direct action/intervention rates by ~24% through actionable dashboard experiences.

Product Armor, Hyderabad

Design Lead

Sept 2022- Aug 2024

Product Design

- Redesigned enterprise web platforms and dashboard ecosystems across multiple industrial verticals, improving client engagement by ~12% and enquiry conversion rates by ~18%. Designed analytics dashboards supporting audit readiness, operational monitoring, and rejection-rate reduction of ~15% across key SKUs.

Branding

- Contributed in re-branding activity of the Company that includes – Logo, Design Standards, Brand Colors, Company Uniform etc.

Apollo Tyres, Chennai

Designer

Aug 2020- Aug 2022

Product Design

- Contributed in product and experience design for AR Mould Testing Application, deployed in production at all Apollo Manufacturing Plants, reduced mould testing time by ~12 to 18 mins.

Branding

- Designed packaging and branding systems for the Apollo Trampplr product line, supporting Apollo's expansion into the global premium motorcycle tyre segment.

Royal Enfield, Chennai

Design Intern (Thesis Project)

Sept 2018- Aug 2019

- Successfully completed my Thesis project and facilitated in Clay modeling of "Flying Flea C6"

EDUCATION

National Institute of Design, Gandhinagar

Masters in Industrial Design

Jul 2016- Dec 2020

Pimpri Chinchwad College of Engineering, Chinchwad

Bachelors in Mechanical Engineering

Jun 2010- Mar 2014

CERTIFICATIONS

Interaction Design Foundation: Design Thinking, AI for Designers, User Experience, User Journey Mapping
